

Lake Cumberland Raft Up

One of the most exciting events taking place this summer at Lake Cumberland is the largest event ever for the area - the "Lake Cumberland Raft Up 2010". It will be a lake-wide event attempting to break the world record number of boats rafted (moored) together simultaneously. All of the marinas on the lake will provide a full weekend of fun and festivities Friday, August 13th through Sunday, August 15th, 2010 with the actual "Raft-Up" taking place on Saturday, August 14th between

the hours of noon and 5:00pm.

The folks from **Guinness World Records** will be on hand to adjudicate the event. Participants may register at www.lakecumberlandraftup.com or any of the nine marinas located on beautiful Lake Cumberland. Boaters from the states of Kentucky, Ohio, Indiana, and Tennessee are expected to make up the vast majority of boaters joining in with the Lake Cumberland boating community, but everyone is welcome to participate. All size boats are encouraged to take part; even row boats & canoes (see the website for specifics). **You must be registered in order to be counted!**

This signature event will become one of Lake Cumberland's annual events, adding to the fun and popular **Lake Cumberland Poker Run** and the **Lake Cumberland Grand Prix**. Each marina has its own character, but this grand event will allow for everyone to come

together and experience the pride and camaraderie of the entire lake region and encourage participants to visit as many marinas as possible during "Raft Up" weekend.

The "Raft Up" event will take place near Tate Landing - some refer to it as Monticello Beach. The location is across from "Shin Bone", just west of Conley Bottom Resort. There are over two miles of beach area for houseboats to "beach up" along the shoreline. Houseboats, cruisers, runabouts, pontoons, fishing boats, and others may anchor, backing up to the houseboats forming a long oblong circle of continual boats. This will be the largest party ever on Lake Cumberland.

Come see why Lake Cumberland is your place to vacation, have fun, and to have some exhilarating times with friends, family, and fellow boaters. Come be part of this world record breaking event and create a great memory. Raft Ahoy!
